## Commencement Speaker

*Governor Bill Clinton*

Bill Clinton is the 42nd governor of Arkansas, having been elected to two-year terms in 1978 and 1982. A native of Hot Springs, Clinton received a bachelor's degree in international affairs from Georgetown University and a law degree from Yale University. He also studied in England at Oxford University as a Rhodes Scholar.

Clinton joined the University of Arkansas School of Law faculty in 1973. In 1974, at the age of 28, he won the Democratic nomination for Congress from the Third Congressional District but was defeated in the general election in a close contest.

In 1976, Clinton was elected attorney general and was elected governor two years later. He was the nation's youngest governor at the time. He was defeated for re-election in 1980 but subsequently won the office again.

In his second term as governor Clinton called the legislature into special session and secured favorable action on new standards and improved funding for public schools, better financing of higher education, and a sales tax increase to meet the cost of the programs.

## The University Mace and Batons

The Mace and Batons are symbols of the authority and history of the University and are made from newel posts from the original main staircase of Old Main, erected in 1875, the oldest University building now standing. The Batons are carried by members of the faculty who have served as chairs of the University Senate or the Campus Faculty. The Mace is carried by the Chief Marshal, who is the current chair of the Campus Faculty.

## Marshals' Gowns

The gowns worn by the Marshals are of the traditional University color, cardinal red.

## Honor Stoles

White or cardinal stoles denote students who are candidates for University honors. White represents High Honors (*summa cum laude*) and cardinal represents Honors (*cum laude*).

## Academic Regalia

The styles of gowns differentiate degree level. Trim of doctoral gowns indicates nature of degree (black or dark blue—Ph.D.; light blue—Ed.D.). Certain members of the faculty wear distinctive gowns and hoods authorized by their doctoral institution. The lining of the hoods denotes the color(s) of the institution awarding the degree. The official colors of the University of Arkansas are cardinal and white.

The color of the velvet band around the hood designates the academic major in which the wearer has taken his or her degree. Some examples are listed below:

Agriculture	<i>Maize</i>	Medicine	Green
Arts and Letters	<i>White</i>	Music	Pink
Business and Bus. Admin.	<i>Drab</i>	Nursing	Apricot
Dentistry	<i>Lilac</i>	Pharmacy	<i>Solid Green</i>
Economics	<i>Copper</i>	Philosophy	<i>Dark Blue</i>
Education	<i>Light Blue</i>	Physical Education	<i>Sage Green</i>
Engineering	<i>Orange</i>	Public Administration	<i>Peacock Blue</i>
Fine Arts	<i>Brown</i>	Public Health	<i>Salmon Pink</i>
Forestry	<i>Russett</i>	Science	<i>Golden Yellow</i>
Home Economics	<i>Maroon</i>	Social Science	<i>Cream</i>
Humanities	<i>Crimson</i>	Social Work	<i>Citron</i>
Journalism	<i>Crimson</i>	Speech	<i>Silver Gray</i>
Law	<i>Purple</i>	Theology	<i>Scarlet</i>
Library Science	<i>Lemon Yellow</i>	Veterinary Science	<i>Gray</i>

## The University Song

In 1909 a prize of fifty dollars was offered for the best poem relating to the University of Arkansas which should be capable of being set to music and used as a college song. Out of many entries, that of Mr. Brodie Payne, '06, of Hot Springs won the prize. The words were set to music by Professor H. D. Tovey, Director of the conservatory of Music and Art at the University.

### Alma Mater

Pure as the dawn on the brow of thy beauty  
Watches thy soul from the mountains of God  
Over the Fates of thy children departed  
Far from the land where their footsteps have trod.  
Beacon of Hope in the ways dreary lighted;  
Pride of our hearts that are loyal and true;  
From those who adore unto one who adores us—  
Mother of Mothers, we sing unto you.

We, with our faces turned high to the Eastward  
Proud of our place in the vanguard of Truth,  
Will sing unto thee a new song of thanksgiving—  
Honor to God and the Springtime of Youth.  
Shout for the victor or tear for the vanquished;  
Sunshine or tempest thy heart is e'er true;  
Pride of the hills and the white-laden Lowlands—  
Mother of Mothers, we kneel unto you.

Ever the Legions of Sin will assail us,  
Even the Battle in Cities afar;  
Still in the depths will thy Spirit eternal  
Beckon us on like a piloting Star.  
Down the dim years do thy dead children call thee,  
Wafted to sleep while the Springtime was new;  
We, of the Present, thy Hope of the future—  
Mother of Mothers, we pray unto you.

## Honorary Degree Commendation

*Mrs. Daisy Bates*

Daisy Bates is known throughout Arkansas and the nation for the positive social changes which she championed in the area of human rights. The University of Arkansas is pleased to be able to confer an honorary doctoral degree on this citizen who has enlightened our lives with her view of a world without racial prejudice.

In spite of physical threats to her life and livelihood, she persisted, her spirit towering above the problems around her as she fought for positive social change. She never lost faith, and what that faith accomplished is written indelibly on the pages of American history.

It was through the pages of the *Arkansas State Press*, a Little Rock weekly newspaper founded by her and her husband, L. C. Bates, that Mrs. Bates began her effective advocacy for the civil rights movement that was beginning to sweep across the country. She sought to inspire greater initiative on the part of those who shared her racial heritage and greater understanding for those who did not.

Later she was foremost in the ranks of those who supported the integration of the public schools in Little Rock, an event which history now records as one of the major steps in the achievement of equal opportunity. Mrs. Bates describes the difficulties and drama of this step in her book, *The Long Shadow of Little Rock*, which she published in 1960—a book which, Eleanor Roosevelt commented, ". . . should be read by every American."

Mrs. Bates continued her work for the civil rights movement while serving as state president of the National Association for the Advancement of Colored People. When her newspaper was forced out of business as a result of the Central High School crisis, Mrs. Bates served in several capacities in the federal government under Presidents John F. Kennedy and Lyndon B. Johnson. Returning to Arkansas, she headed a community development program at Mitchellville, in Desha County. This year she retired from that position in order to reactivate the *Arkansas State Press* and to articulate her concerns about educational quality in our schools and the need for renewed federal support of the cause of civil rights.

## Honorary Degree Commendation

*James Dickey*

In each generation of poets there are a very few—sometimes only one or two—with talents so distinctly their own that they seem almost to have come to us from another place. These poets give us not only new poems, but a new poetry. William Blake was one of these. So was Emily Dickinson. And so is James Dickey.

Distinct as his poetry is, however, Mr. Dickey is from a world similar to ours. He was shaped by his native Atlanta, by Clemson and Vanderbilt, by service as a pilot in World War II and in the Korean War, and by travels around the world. He was formed by the great teachers he sought out, such as Monroe Spears and Theodore Roethke. And then he heard the English language moving not quite as anyone else had heard it move; he found ways to put what he heard on paper; and he took English poetry where it had not been before.

James Dickey is also a novelist, a screenwriter, a critic, and a superb reader of his own poetry to countless delighted audiences. His work has been recognized by many coveted awards, including the Melville Cane Award, the National Book Award, and the Chair of Poetry at the Library of Congress. Mr. Dickey has given often of his time and energies to younger writers on college campuses around the world, and he has left his mark in Fayetteville through his work with students here.

The poetry of James Dickey tells of the perils and possibilities in that love which bridges the distances between us; it tells of the transforming power of the imagination by which the most commonplace of our experiences may become moments of joy and insight; it tells of the seamless tissue by which the self is continuous with the world it lives in. Readers of his poetry have discovered that love, that transformation, and that kinship with the world in some of the most compelling poems of our time.

We do honor to ourselves by honoring those among us whose work enriches the texture of our lives. James Dickey is such a person: a man of gentle presence, a man of letters, and a poet of the first rank.

## Honorary Degree Commendation

*Harry Dickson Patton*

Dr. Harry Dickson Patton has long been known as one of the nation's most honored physiologists, heading a department of physiology and biophysics at the University of Washington School of Medicine that is currently ranked among the best in the country.

Dynamic teacher, brilliant scientist, and wise administrator, Dr. Patton has been recognized throughout the world for his exceptional achievements. He served on the editorial board of the *Journal of Neurophysiology* and as co-editor of the definitive textbook *Physiology and Biophysics*, now in its 20th edition. The national government and professional societies have called upon him many times to serve in positions of leadership, including his participation in a cultural exchange visit on neurological science to the Soviet Union and his service as chairman of the United States Public Health Service Physiology Study Section. He has also served as chairman of the Physiology Test Committee of the National Board of Medical Examiners.

Dr. Patton is a native of Bentonville, Arkansas, and received his Bachelor of Arts degree on this campus. He earned both his Ph.D. and his medical degree at Yale University.

He returns to this state as a distinguished professor emeritus who retired from his duties at the University of Washington in 1983.

Arkansas is proud to welcome him home.

## Distinguished Alumnus Citation

*Nicholas C. Nahas*

Dr. Nicholas C. Nahas is a creative engineer whose innovative research has made a highly significant contribution to the process of coal gasification. The need for this research was spawned by the oil and gas shortages of the 1970's, when hundreds of ideas were advanced for converting coal into synthetic fuels. Out of these only a handful survived, and one of these was the Catalytic Coal Gasification process developed by the Exxon Company under the scientific leadership of Dr. Nahas.

Dr. Nahas received his baccalaureate, master's and doctoral degrees from the University of Arkansas; his exceptional potential for scientific achievement was recognized early in his academic career by his professors and fellow students.

Dr. Nahas joined the Exxon Research and Engineering Company shortly after he received his Ph.D. at the University in 1968, and through the years his creativity and inventiveness led to ten different patents important to coal gasification. He has held various executive positions for Exxon, and he currently serves as Senior Staff Advisor heading exploratory product quality research for the research and engineering subsidiary of the gigantic firm.

Dr. Nahas is a native of Hot Springs and attended the public schools in that city. Early in his academic career at the University he was married to Mary Lou Gordon, who received bachelor's and master's degrees in English at this institution. They currently live with their two children in Chatham, New Jersey.

## Distinguished Alumnus Citation

*John G. Phillips*

John G. Phillips is Chairman of the Board of the Louisiana Land and Exploration Company, one of the nation's largest independent oil and gas producing companies.

As a newly graduated accounting major from the University of Arkansas, Mr. Phillips' first professional employment was with an accounting firm in New Orleans in 1948. He joined LL&E in 1951 and became president of the company in 1957, chief executive officer in 1972, and chairman of the board in 1974.

It was under Phillips' leadership that LL&E, which had been mainly a royalty company, began to diversify its operations, particularly in the fields of oil and gas exploration and in gold, silver and copper mining. The company's development of the Jay oil field in the Florida Panhandle, in cooperation with the Exxon Company, is considered the most significant on-shore find in the United States in the past quarter of a century.

In addition to his duties with LL&E, Phillips sits on the boards of a number of leading financial and industrial firms, including Whitney National Bank in New Orleans, Allis-Chalmers Corporation, Delta Air Lines, and Travelers Corporation.

In 1983 he was recognized as Rex, King of Carnival, for the New Orleans Mardi Gras; this is one of the highest honors which that city bestows on its citizens.

Among his many achievements, however, Phillips probably is proudest of his contributions to higher education and to civic endeavors. The most significant of these are his service as chairman of the Board of Administrators of Tulane University and his tenure as national president and member of the Executive Board of the Boy Scouts of America.
